## Impacting the Future Generation!

**Imagine, produced by Duncan®**, is a fun inspiring yo-yo show & youth empowerment program that engages youth of all ages with a motivational message creatively wrapped in laughter, story-telling and super cool yo-yo tricks!! As a partner with Disney® and Scouts (formerly the Boy Scouts of America), our **Imagine** Yo-Yo Show and youth programs are tailored for school assemblies, school P.E. classes, after school and summer camp programs.

*It is not just a yo-yo show, it is a hands-on skill building activity that instills positive emotional concepts with physical education benefits.*

As the number one toy of all time and the third oldest toy in history, Duncan has been teaching our youth about yo-yoing around the world for 90 years. Our youth programs provide hours of fun and numerous physical education skill building benefits that include developing hand-eye coordination, agility, speed and concentration.

In addition, participating in our programs teaches basic life skills like self-confidence, motivation, creativity, goal setting, overcoming obstacles, teamwork and most importantly the ability and willingness to learn. ***"All our dreams can come true, if we have the courage to pursue them."***
